

The questPRD-009 — School Community

Product: PrepHub V2

Status: Approved

Depends on:

- PRD-001 — Authentication & Onboarding
 - PRD-004 — Student Home Dashboard
 - PRD-008 — Progress
-

1. Purpose

The School Community page allows students to view the collective progress of their school on PrepHub.

Unlike other pages that focus on individual learning, the School Community page celebrates what students have accomplished together.

The purpose is to build school pride and encourage participation without comparing individual students or exposing academic performance.

2. Product Philosophy

The School Community page answers one question:

“What has our school accomplished together?”

This page is intentionally collaborative rather than competitive.

Students should feel that every practice session contributes to a larger shared goal.

3. Goals

The School Community page should:

- Showcase overall school progress.
 - Encourage students to contribute to shared goals.
 - Celebrate school-wide milestones.
 - Provide community updates.
 - Protect every student's privacy.
-

4. Non-Goals

This page does **not** include:

- Individual student leaderboards.
 - Public SAT predictions.
 - Student rankings.
 - Public study statistics for individuals.
 - Public mastery levels.
 - Student messaging or social feeds.
 - School-versus-school competition (future consideration).
-

5. School Identity

The top of the page displays the student's verified school.

This section includes:

- School name
- School logo (if available)
- School colors (optional)

Students should immediately recognize that they are viewing their school's community page.

6. School Progress

The primary section of the page displays cumulative statistics for the entire school community.

Metrics include:

- Total Questions Answered
- Total Study Hours
- Total Adaptive Sessions Completed
- Total Estimated SAT Points Improved
- Active Students This Week
- Current School Study Streak

These statistics update continuously as students complete practice sessions.

7. School Goal

Each school has an active community goal.

Examples include:

- Reach 100,000 Questions Answered
- Reach 2,000 Study Hours
- Complete 10,000 Adaptive Sessions

A visual progress bar displays:

- Current progress
- Goal value
- Remaining amount to reach the goal

Students should feel that every completed practice session helps move the school closer to success.

8. Community Updates

PrepHub automatically generates school-wide activity updates.

Examples:

- 🎉 Lebanon Trail students answered **2,814 questions today**.
- 🎉 The school reached **500 study hours this month**.
- 🎉 **31 students** completed an adaptive session today.
- 🎉 Lebanon Trail improved by an estimated **420 SAT points this week**.

Updates should always focus on community accomplishments rather than individual students.

No student names or personal information are displayed.

9. School Milestones

PrepHub celebrates major milestones achieved by the school community.

Examples include:

Questions Answered

- 10,000 Questions
- 50,000 Questions
- 100,000 Questions

Study Time

- 100 Hours
- 500 Hours
- 1,000 Hours

Adaptive Sessions

- 1,000 Sessions
- 5,000 Sessions
- 10,000 Sessions

Estimated SAT Improvement

- 1,000 Total Estimated SAT Points
- 5,000 Total Estimated SAT Points
- 10,000 Total Estimated SAT Points

Milestones belong to the entire school community.

10. Privacy

Student privacy is a core principle of the School Community page.

PrepHub will **never** publicly display:

- Student names
- Predicted SAT scores
- Target SAT scores
- Individual mastery levels
- Questions answered by individual students
- Study hours by individual students
- Individual rankings

Only aggregated school statistics are visible.

11. Visual Design

The School Community page should feel energetic, positive, and collaborative.

Large school-wide metrics and progress indicators should receive the greatest visual emphasis.

Community updates should appear in chronological order.

The page should reinforce that every student's effort contributes to the success of the entire school.

12. Acceptance Criteria

School Identity

- Displays the verified school name.
- Displays school branding when available.

School Progress

Displays:

- Total Questions Answered
- Total Study Hours
- Total Adaptive Sessions Completed
- Total Estimated SAT Points Improved
- Active Students This Week
- Current School Study Streak

School Goal

- Displays one active school-wide goal.
- Shows a visual progress bar.
- Updates automatically as students contribute.

Community Updates

- Displays automatically generated school achievements.
- Shows only aggregated community statistics.
- Never references individual students.

School Milestones

- Celebrates school-wide milestones.
- Updates automatically as goals are achieved.

Privacy

- No student rankings.
- No public academic performance.
- No personal statistics.
- Only aggregated school data is displayed.

Overall Experience

By leaving the School Community page, students should feel:

- Proud of their school's progress.
- Motivated to contribute.

- Connected to a larger community.
- Confident that their personal academic data remains private.
