

PRD-010 — Profile & Settings

Product: PrepHub V2

Status: Approved

Depends on:

- PRD-001 — Authentication & Onboarding
 - PRD-003 — Billing & Subscriptions
-

1. Purpose

The Profile & Settings page allows students to manage their PrepHub account, update personal preferences, and access important account information.

The page should remain simple and uncluttered. Students should spend their time learning, not navigating settings.

2. Product Philosophy

The Profile & Settings page answers one question:

“How do I manage my PrepHub account?”

Every option on this page should either:

- Manage the student’s account,
- Personalize their PrepHub experience, or
- Provide essential account information.

Anything beyond that should be excluded.

3. Goals

The Profile & Settings page should allow students to:

- Update basic profile information.
 - Manage their target SAT score.
 - Configure notification preferences.
 - Choose an appearance theme.
 - Manage their subscription.
 - Access legal documents.
 - Log out of their account.
-

4. Non-Goals

This page does **not** include:

- Study analytics.
 - Practice history.
 - Community information.
 - Dashboard metrics.
 - Progress tracking.
 - Feedback submission.
 - Social features.
-

5. Profile

Students can view:

- First Name
- Initials Profile Avatar
- Graduation Year
- Verified School
- Email Address

Students may edit:

- First Name

Students may **not** edit:

- Graduation Year
- Verified School
- Email Address

The profile avatar is automatically generated using the student's initials.

Students cannot upload a custom profile picture.

6. Academic Goal

Students can update their Target SAT Score at any time.

Updating the target score immediately updates:

- Dashboard progress
- Progress page calculations
- Goal progress throughout PrepHub

There is no test date setting.

7. Notifications

Students can enable or disable:

Daily Practice Reminder

If enabled, PrepHub sends a daily reminder encouraging the student to complete a practice session.

If the student has not practiced and is at risk of losing their study streak, the reminder may specifically encourage them to maintain it.

Streak Lost Email

If a student's study streak ends, PrepHub automatically sends an encouraging email reminding them that they can begin building a new streak.

This notification is part of the learning experience and cannot be disabled independently.

8. Appearance

Students may choose:

- Light Mode
- Dark Mode
- System Default

The selected appearance applies across the entire platform.

9. Subscription

Students can view:

- Current Plan
- Billing Status
- Renewal Date (if applicable)

Students can:

- Upgrade their subscription
- Manage billing information
- Cancel their subscription

Students with school-provided access will instead see that their subscription is managed by their school or district.

10. Legal

Students can access:

- Privacy Policy
- Terms of Service

These documents are always available from the Settings page.

11. Log Out

Students can securely log out of their PrepHub account at any time.

12. Visual Design

The Profile & Settings page should be clean, organized, and easy to navigate.

Settings should be grouped into clear sections:

- Profile
- Academic Goal
- Notifications
- Appearance
- Subscription
- Legal

The page should require very little interaction during normal use.

13. Acceptance Criteria

Profile

- Displays first name, initials avatar, graduation year, verified school, and email.
- Only the first name is editable.
- Profile pictures cannot be uploaded.
- Graduation year, school, and email remain read-only.

Academic Goal

- Students can update their Target SAT Score.

- Changes immediately update progress calculations throughout the platform.

Notifications

- Students can enable or disable daily practice reminders.
- PrepHub sends reminder emails to help prevent streak loss.
- PrepHub automatically sends an encouraging email when a study streak ends.

Appearance

- Supports Light, Dark, and System themes.

Subscription

- Displays plan details and billing status.
- Allows students to upgrade, manage billing, or cancel subscriptions.
- School-managed accounts clearly indicate that access is provided by the student's school or district.

Legal

- Privacy Policy and Terms of Service are always accessible.

Log Out

- Students can securely sign out from any device session.

Overall Experience

By leaving the Profile & Settings page, students should feel that their account is easy to manage, their goals are easy to update, and the page stays focused on only the settings that matter most to their learning experience.
